Churchill Proposes Con-
scription Age be Lowered
to 18½ and Raised to
50; Warns Men of 60
May be Called

PRESENT IS 19 TO 41

London, Dec. 2.—(P)—Prime
minister Churchill told parliament
today that "a crisis of manpower
and womanpower will dominate
the year 1942 for Britain. The
hat military conscription age limits
be lowered to 18½ and raised
to 50 and warned that eventually
men of 60 might be called.

Powers to compel unmarried
women between the ages of 20 and
40 to join the uniformed forces also
will be sought, he said, although
only volunteer women will be as-
signed to "lethal or combatant ser-
vices."

The present conscription limit for
men is 19 to 41.

Declaring to a solemn and crowd-
ed house of commons that Britain's
crisis of equipment is largely over
and an ever-broadening flow is now
assured, partly because of United
States aid and partly because of
newly completed British empire
factories, he said the drain on
Britain's manpower was arising
from five causes:

1. The necessity of staffing the
new factories.
2. The maintenance and expan-
sion of forces in the east.
3. The supplying of Russia from
British production.
4. The prospective expansion of
the air force, and the continuous
growth of the navy, and
5. The continuous guard against
the "vultures"—the danger of in-
vasion and the air raid—which
will hang over us until the end of
the war.

The expanded military conscription
will bring more than 3,000,000
more men and women under review
or armed service with the British
forces.

Description of both manpower
and womanpower "still available"
or war work was proposed by
prime minister Churchill in a mo-
tion introduced November 27 in the
house of commons. The object was
described as the securing of "the
maximum national effort in the
conduct of the war and in produc-
tion."

Most observers believed parliament
would give approval speedily to
the broadened conscription pro-
gram which he said may eventually
include men beyond 50 years of
age.

"We may have to advance an-
other decade, for in the last war
we advanced to 57," he said.

Another change would permit
9-year-old youths to serve over-
seas, a duty which now is limited
to those 20 and older.

Churchill coupled his call for in-
creased manpower and woman-
power with the warning that "at
anytime Hitler may recognize his
defeat by the Russian armies and
recover his disaster visit us
with all his fury."

EPKE AND HIS PALS SENTENCED TO CHAIR

New York, Dec. 2.—(P)—Louis
(Lopke) Buchalter, one-time king-
pin industrial racketeer, and two
co-defendants, Emanuel (Mendy)
Weiss and Louis Capone, today
were sentenced to die in the elec-
tric chair the week of January 4,
1942, for the slaying of Joseph
Pena, a Brooklyn storekeeper.

Only Weiss, said by the state to
be the "trigger man" in the Rosen-
ling, had any comment as Kings
county Judge Franklin Taylor
intended the trio.

"All I can say is I'm innocent,"
said. "That's all I can say."

Soviet Dispatches Declare Retreat of Hitler's Ukraine Armies Has Become A Debacle With Enemy Retreating Westward Along Shores of Azov Sea; Gen. Sir Alan Cunningham's Drive in Desert is Halted

DECISIVE PHASE OF DESERT BATTLE NEAR

By the Associated Press
Soviet dispatches declared to-
day that the retreat of Adolf Hit-
ler's Ukraine armies from Rostov
had become a rout, with the
Nazis fleeing westward along the
shores of the Azov sea after a
defeat which "puts an end to
talks about the invincibility of
the German army."

A British broadcast quoted Vice
Commissioner A. Lozovsky say-
ing that "the latest attempt of
the Germans to take Moscow has
cost them half a million men."

On the Libyan desert front, the
British acknowledged a damaging
setback for Gen. Sir Alan Cun-
ningham's drive to knock the Axis
out of North Africa.

Dispatches from Cairo said the
Germans had slashed through the
British corridor from Rezegh to
Tobruk, joining trapped Panzer
forces northeast of Rezegh, and
recaptured Rezegh itself and Bir
El Hamed.

A British spokesman said the
Nazis broke-through meant that
the newly-united German panzer
divisions now hemmed in along
the coast east of Tobruk could
probably break the British encir-
clement and escape to the west
"if they wish to do so."

The spokesman declared, how-
ever, that while the Nazis suc-
ceeded "they have lost a few
days longer." It had not impaired
British confidence.

Meanwhile, Prime Minister Win-
ston Churchill told parliament
that "at any time Hitler may re-
cognize his defeat by the Russian
armies and, to recover from his
disaster, visit us with all his fury."

"We are all ready for him,"
Churchill said. "We shall receive
him when he comes by day or
night."

In the Russo-German war, So-
viet dispatches reported that be-
side the German defeat at Rostov,
Red army troops had also put the
Germans to flight through deep
snow drifts around Stalingovsk,
120 miles southeast of Moscow.

Advices reaching London said
that the German southern forces,
commanded by Gen. Ewald Von
Kleist, were heading back to Ma-
gadan.

SCULLY'S ATTORNEYS ANSWER GOP CHARGES

Pittsburgh, Dec. 2.—(P)—At-

a Republican petition that contests
Scully's re-election and charges
"deliberate and wilful fraud" in 21
city election districts in the No-

The Republicans have asked the

VICHY PREDICTS DEVELOPMENTS

Vichy, Unoccupied France, Dec.
2.—(P)—Important new develop-
ments in French-German relations
were forecast by authorized sources
today following Marshal Pe-
tain's return from a long confer-
ence with Reichsmarshal Herman
Goering in the occupied zone
yesterday.

The meeting, held in a railway
car near Saint Florentin, 80 miles
southeast of Paris, signalled the
beginning of new "detailed conver-
sations," these sources said, em-
phasizing it should not be re-
garded as being merely a conclusion to
long-pending negotiations.

Jacques Benoit-Mechin, Vichy
secretary of state, declared in
Paris that the interview represented
the "marked will of the French
government to engage itself ever
more constantly on a path of dur-
able and fruitful European co-
operation."

Fernand De Brinon, French am-
bassador there, said "it is certain
that something very important will
result from the conference."

RAILROAD DISPUTE IS ENDED

Settlement of Controversy
Over Wages and Vacations
Which Threatened
To Tie Up Nation's
Transportation Lines in
A Strike Called for De-
cember 7 is Announced
By Chairman of Fact-
Finding Board

EXACT TERMS OF THE AGREEMENT WITHHELD

Washington, Dec. 2.—(P)—Set-
tlement of a dispute over wages
and vacations which threatened to
tie up the nation's railroads in a
strike called for December 7 was
announced last night by Wayne
L. Morse, chairman of an emer-
gency fact-finding board appointed
by President Roosevelt.

Morse withheld exact terms of
the peace agreement until it could
be submitted to Mr. Roosevelt to-
day. But other sources said the
settlement would add from \$300,
000,000 to \$325,000,000 a year to
the carriers' payrolls.

The settlement capped two days
and nights of almost continuous
negotiations between the railroad
brotherhoods and the carriers,
with the president's board acting
as a mediation agency.

The same board, acting in a
fact-finding capacity, earlier had
rejected both by the 350,000 mem-
bers of the five operating brother-
hoods, and by the 900,000 mem-
bers of the 14 non-operating
unions, although the railroad man-
agements agreed to the increases.
After the men who run the trains
declined December 7 as their strike
deadline, Mr. Roosevelt called for
further negotiations and a review
of new found facts in the case.

The operating personnel, whose
present pay ranges upward from
\$5.06 a day, had demanded a 30

RAIDER GOES TO BOTTOM AFTER SINKING CRUISER

London, Dec. 2.—(P)—A naval
action in which the 6,850-ton Aus-
tralian cruiser Sydney sank the
heavily armed German merchant
raider Steiermark, a vessel of 9,400
tons, but was lost herself was an-
nounced today by the Australian
government.

Prime Minister John Curtin, at
Canberra, said the full complement
of the Sydney's 42 officers and
603 men was missing.

The British admiralty, which
identified the destroyed German
raider as the Steiermark, said she
"has been known for some time as
raider No. 41 and had been sail-
ing under the name of Kormoran."

As raider No. 41 she had sunk
nine British-Allied or neutral ships
in the area of the Cape Verde Is-
lands in the eastern Atlantic, in
the south Atlantic and in the In-
dian ocean, the admiralty declared.
"Like other raiders," the admiralty
continued, "she has indulged from
time to time in various dis-
guises and has borne the flag of
any nationality which her cap-
tain deemed at the time to suit
his purpose."

The official announcements did
not say where the action had oc-
curred, but the first reports from
Singapore said it was off the Aus-
tralian coast.

Prime Minister Curtin in his
statement said planes and ships
still were scouring the area where
the Sydney vanished, but that only
the slenderest hope was entertain-
ed for any survivors.

The admiralty said the Steier-
mark was built in 1928 at Ham-
burg for the Hamburg-America

TOKYO CABINET STUDIES REPORT ON CONFERENCE

Long Session is Devoted to
Consideration of Wash-
ington Negotiations as
Press Questions British
Intentions

DELY IS PREDICTED

Tokyo, Dec. 2.—(P)—The cabi-
net devoted a long session today
to study of the Washington ne-
gotiations while the press slashed
dispatches describing the gather-
ing of "ABC" forces in the south
sea and charging that Britain is
preparing to invade Thailand.

Dispatches to Dornel and lead-
ing newspapers described "Bri-
tish war preparations along the
Malaya-Thailand border" as being
completed. From Manila, Dornel
reported that a declaration of a
state of emergency in the Philip-
pines was imminent.

The cabinet meeting was follow-
ed by a conference between Pre-
mier General Hideki Tojo and Ad-
miral Koshiro Oikawa, former
navy minister, now member of
the supreme war council.

Foreign Minister Shigenori Tojo
was understood to have laid be-
fore his colleagues latest reports
from Ambassador Admiral Kichi-
saburo Nomura and Special En-
voy Saburo Kurosu on their yester-
day's meeting with Secretary
Hull.

Persons close to the government
expressed belief that any crisis in
the Washington talks probably
would be delayed three days or
more, since it was understood that
the Japanese were seeking "clarifi-
cation" of some points in the
statement of the fundamental
American position which Hull handed
the Japanese last Wednesday.

Japan's reply to this statement,
it was said, has not been deliv-
ered.

PORT ALLEGANY MAN KILLED IN CAR CRASH

Bradford, Dec. 2.—(P)—McKean
county Coroner Thomas Clark said
today he would hold an inquest in-
to the death of Charles Williams,
30, of Port Allegany, killed yester-
day when a car plunged over a
48-foot embankment onto the
Pennsylvania railroad tracks at
Larabee, 18 miles east of here.

Three other persons injured in
the crash are in serious condition
at Bradford hospital. They are
Robert Dexter, 32, of Chafee, N. Y.,
driver of the car; Miss Sarah
Razey, 32, of Portville, N. Y.; and
her mother, Mrs. Oscar Razey, 66,
also of Portville.

John Fidore, of Coalport, only
uninjured occupant of the car,
told investigators that Dexter lost
control of the car while attempting
to make a right turn at an inter-
section.

State's Efforts to Protect Vital Industries Re-emphasized by Crisis

Harrisburg, Dec. 2.—(P)—In-

ANOTHER CONFERENCE IS HELD DURING DAY

Washington, Dec. 2.—(P)—Presi-

to be asking Japan questions which
diplomatic observers said included
requests for an explanation of Ja-
panese military moves into Indo-
China and toward Thailand.

The disclosure was in a state de-
partment official's account of an-
other visit there by Japanese Am-
bassador Kichisaburo Nomura and
Special Envoy Saburo Kurosu.

He said Undersecretary Sumner
Welles had been directed by the
president to ask the Japanese rep-
resentatives to call on him in order
to make certain inquiries of the
Japanese government, through them
for the information of the presi-
dent.

This was taken by observers to
mean that the president was inter-
vening personally in the negotia-
tions in order to get some satisfac-
tory explanation of recent Japan-
ese military steps.

Officials, however, declined to
confirm or deny such interpreta-
tions.

Nomura indicated to reporters
before going to see Welles that he
and Kurosu were not giving their
government's reply to Secretary of
State Hull's document restating
the basis of United States policy
in the Far East.

Nomura said this still was being
given "weighty consideration."

Both the Japanese stressed that

30 ARRESTED IN MILLION DOLLAR LARCENY RING

Washington, Dec. 2.—(P)—The
justice department announced to-
day that FBI agents had seized 30
men in Detroit, Chicago and New
York in connection with a stolen
auto parts ring alleged to have
taken millions of dollars worth of
materials from the Ford Motor
Company.

J. Edgar Hoover, director of the
Federal Bureau of Investigation,
said that the total value of parts
stolen from Ford plants had not
been determined, but that infor-
mation now available indicated
that the ring in operations thus
far in 1941 had netted "at least
\$1,000,000" and that the figure
might "run as high as \$3,000,000
or \$4,000,000."

The seizures were made early
today on a complaint obtained se-
cretly in Detroit where the opera-
tions of the ring centered, a state-
ment by the justice department
said.

"Two fences alone, who are not
the largest operators in the ring,"
the statement said, "admitted to
FBI agents purchasing stolen
parts this year valued at more
than \$500,000 which were trans-
mitted out of the state of Michi-

The body of a man found shot to
death in a wooded area near
Kingsland, Ga., yesterday has been
identified here as that of Walter
Roy Mitchell, about 28, of Indi-
ana, Pa., a druggist.

Identity was established through
papers found in the victim's clack-

who contacted the man's father in
the Pennsylvania town last night.
Description of the victim tallied
completely with description given
by the elder Mitchell.

The body, found about 500 feet
off U. S. highway No. 17, two
miles north of Kingsland, bore bul-
let wounds in the chest and arm.
It apparently had lain there since
Saturday or Sunday.

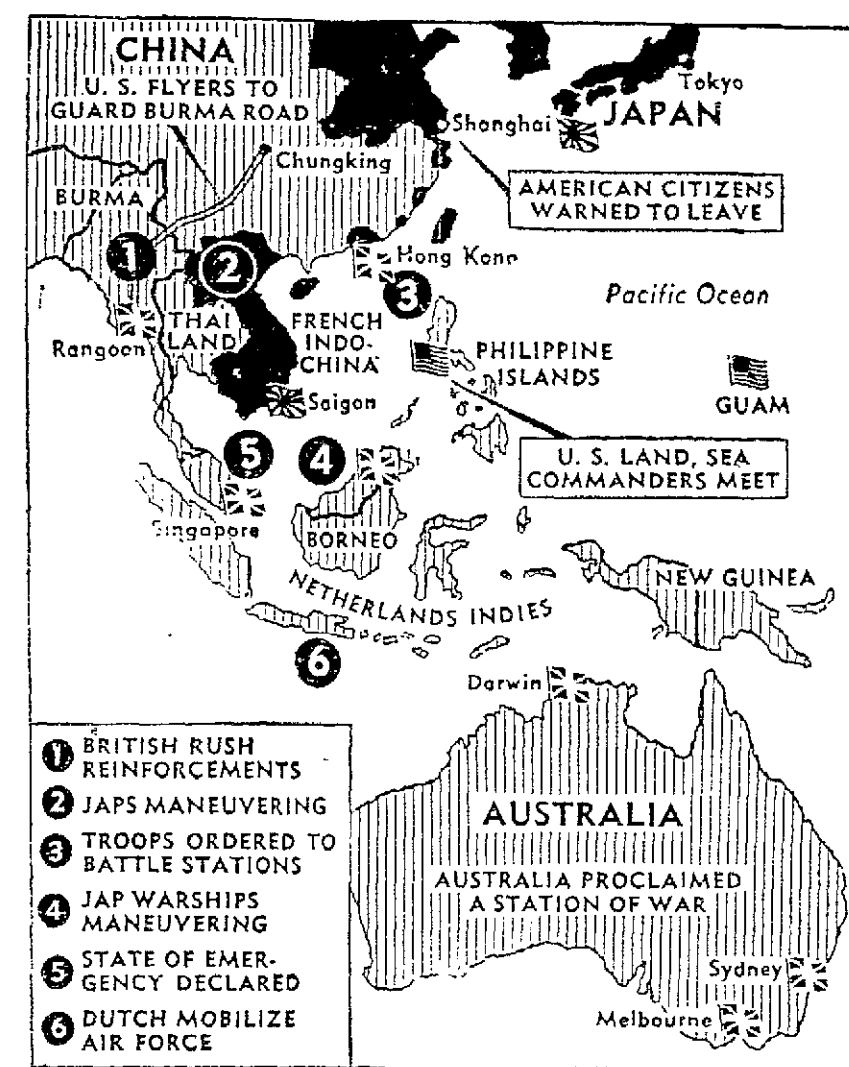

Mitchell's father told mortuary

ago to go to a hunting lodge in
northern Pennsylvania. He had
not been heard from since that
time.

When found, the victim's pocket-
book had been rifled. A pocket

BALL FROM SHOTGUN GOES THROUGH BACK

The first fatal hunting accident
of the year in Warren county and
one of three in the state which
marked the opening day of the deer
season occurred near Spring Creek
yesterday afternoon when Raymond
Shawl, 28, of Spring Creek, was
accidentally shot in the back by
Wayne Lillie, 16-year-old Union
City High School student.

The other two fatal accidents
yesterday occurred in Centre and
Fayette counties, both victims ap-
parently being mistaken for game.
The first was John Bosak, 48, of
Clarence, who was shot in mistake
for a deer by a neighbor, and the
second was Robert McLaughlin, 36,
a school bus driver, shot near
Uniontown.

Two other hunters have been
killed in automobile accidents
while enroute to the woods. They
were Robert John Godefsch, 22,
of Erie, fatally injured when his
automobile overturned near Em-
porium, and Andrew Stingley, of
Barberton, O., killed in a collision
near Sandy Lake, Mercer county.

The Warren county tragedy took
place about three o'clock yester-
day afternoon in a heavily-wooded
section on the Glough estate about
two miles south of Spring Creek.

The Union City youth told Cor-
oner Ed C. Lowrey, who investi-
gated the accident with Sgt. E. B.
Ging and Private L. G. Fobes,
of the state motor police, that he and
Shawl were walking through the
woods together when the accident
occurred.

Shawl was walking a few steps
ahead of Lillie, the youth said,
when the victim suddenly raised his
gun as if he had spotted a deer.
Lillie said he raised his gun instinc-
tively, starting to pull back the
hammer on the 16-gauge shotgun.
As he did so, he related, his thumb
slipped from the hammer, causing
the gun to discharge.

Seeing Shawl fall to the ground,
Lillie said he asked him if he had
been shot. Shawl replied that he
had and told the boy to run for
help. Lillie hurried through the
woods to the home of Robert Van
Guider, who returned to the scene
with the youth. Finding Shawl
still breathing Van Guider hurried
home for his car to take the
wounded hunter out of the woods.
but by the time he had returned
Shawl was dead.

Officers of the state motor police,
who happened to be in Spring
Creek at the time, were notified of
the accident and they in turn
called the coroner.

After questioning Lillie and in-
specting the scene of the accident,
officials released Lillie on his own
recognizance, pending further in-
vestigation.

BRITISH FLEET IS AT SINGAPORE

Singapore, Dec. 2.—(P)—Brit-
ain's new 35,000-ton battleship
Prince of Wales steamed into the
great Singapore naval base today
at the head of a flotilla of advanced
units of the royal navy's newly-
created eastern fleet.

The Prince of Wales, which took
a major role in the sinking of the
Bismarck last May, flew the flag
of the new commander of the east-
ern fleet, Admiral Sir Tom Phillips.
It was announced that other
units of the fleet (which evidently
is an expansion of the old China
flotilla) would arrive in due time.

(The Prince of Wales is the first
capital ship Britain ever has sent
to the Far East prepared for ac-
tion. The arrival of this flotilla
greatly increases the might of the
naval forces assembled in the south-
western Pacific area against any
possible further Japanese moves.)

(The Prince of Wales, one of the
royal navy's newest 35,000-ton
class, recently was reported at
Capetown, presumably headed for
the Far East.)

Movement for State Senator or Weldon B. Heyburn As Republican Candidate For Governor Started by Younger Element

LECTURE - FORUM SPEAKER TELLS OF PHILIPPINES

The dangers, political and economic, which will confront the Philippine Islands as a nation when their independence finally becomes absolute on January 4, 1946, were detailed to a large audience at the Woman's Club last evening by Captain John D. Craig, lecturer and photographic expert.

Captain Craig was presented as the first number on this year's Y. M. C. A. lecture forum course and was greeted by many who had heard him previously when he spoke on the thrills and perils of deep sea diving.

He was introduced by R. W. Reynolds, general secretary of the association, who welcomed the members and explained, at length, the plans for this year and the necessity for increasing the season's membership if a deficit is not to be faced at the close of the year.

Thoughts of the American public are centered a great deal these days on the Far Eastern situation and Captain Craig's audience listened attentively as he explained what will happen to the Philippines when they are faced with tariffs and possible Japanese expansion.

As the facts stand today, he stated, Americans take too many of their possessions too much for granted and this certainly applies to the Philippines. But others do not have this same complacent attitude and the speaker expressed the personal opinion that it is not wise to wake up to the Philippine situation, we may lose these islands even before 1946.

Craig painted a fine word picture of the peoples of the islands, their discovery by Magellan, his conversion of many to Christianity and his death in furthering that ideal, development of the islands' political machine, and the direct connection which is occupying the attention of the state department and envoys of the Japanese government.

Geographical details of the more than 7,000 islands comprising this group were related, together with their natural resources and possibilities of further development.

Immediate facts, Captain Craig showed two reels of wonderful colored movies, with running commentary that added much to their entertaining qualities. A brief discussion period followed.

NEW PASTOR AT TIDIOUTE WILL BE INSTALLED

Tidioute, Dec. 2—At a special service held Thursday evening at 7:30 o'clock in the Presbyterian church, the Rev. William J. Prout, D. D., will be installed as minister of the local congregation.

Dr. Prout came to Tidioute six weeks ago from the St. Lawrence Presbyterian church, New York Synod, having been pastor of the First Presbyterian church at Potsdam, N. Y., for the past 16 years. Prior to that time he was in Rochester, N. Y., for 10 years.

Dr. Arthur McCormick will act as moderator for the installation, with Dr. Caldwell, of Tidioute, preaching the sermon. The charge to the congregation will be given by the Rev. C. E. Reed and the charge to the minister by the Rev. J. H. Cruickshank.

Other ministers of the Erie Presbytery, as well as local pastors of other denominations, are expected to be present and take part in the service.

Following the installation there will be a reception for Dr. and Mrs. Prout in the Sunday school room.

OBITUARY

MRS. SARAH CROSSMAN

Further details concerning the death of Mrs. Sarah Crossman, mention of which was made in a previous issue, have been received here. Mrs. Crossman, aged 83 years, of Sapulpa, Okla., passed away Wednesday evening at eleven o'clock at the home of her grandson, Albert C. Schneider, following a short illness.

The deceased was born November 30, 1858, at Corry, Pa. She was united in marriage to A. F. Crossman April 7, 1886, and they made their home in Clarendon until 1914 when they moved to Oklahoma.

Her husband died in Sapulpa in 1935 and was laid to rest in South Heights cemetery, where Mrs. Crossman has been interred. She was a member of the Methodist church since childhood and also a member of the Ladies Wesleyan Bible class and the Missionary Society of Christian Service of the St. Paul Methodist church in Sapulpa.

Surviving are three daughters: Mrs. G. L. Schneider, Tulsa, Okla.; Mrs. Paul Rawdon, Glen Rock, Wyoming; Mrs. J. M. Marshall, Oklahoma City, Okla., and ten grandchildren.

MRS. FRANSINE BORNE

Mrs. Fransine Borne, widow of Ferdinand Borne, passed away at the home of Peter Borne in Youngsville at seven o'clock this morning following an illness of several months. She was born in Denmark, coming to this country over 50 years ago and residing in Warren until the death of her husband nine years ago. At that time she went to Youngsville to make her home.

She leaves one son, Christian F. Borne, and one daughter, Mrs. Harry Leonhart, of Warren; one sister, Marie Hogdahl, in Denmark, and three grandchildren, Evelyn and Jeanne Leonhart and John Borne.

The body will be taken to the home of her son, Christian F. Borne, 1411 Pennsylvania avenue, east, where friends may call any time after Wednesday morning. Funeral services will be held there Thursday afternoon at 2:30 o'clock with the Rev. H. L. Knappenberg officiating. Interment will be in Oakland cemetery.

DAVID R. THOMAS

Services for David R. Thomas, were conducted November 23 from Sage's Funeral Home, Tidioute, with the Rev. H. M. Stevenson officiating. Interment was in the Tidioute cemetery with the following acting as bearers: Howard Lineman, Don McLaughlin, Roy Allen, Elmer Peterson, Gust Peterson, J. I. Myers. Those in attendance from away were Mr. and Mrs. Emil Nelson, Ludlow, Mo.; and Mrs. Carl Thomas, DuBois; Mrs. Francis Plecker, Elizabeth, N. J.; Mrs. Nellie Atwell, Cynthia, N. J.; Mrs. Maude F. Holtz, G. F. Reynolds and John Larson, Tidioute.

JACK ECKDAHL

Word has been received here that Jack Eckdahl, who went to Albuquerque, N. M., some years ago, passed away there on Monday. He leaves a wife, Helen, and a daughter, Ward Eckdahl and Mrs. Peyton Lee Ellis, both of Jamestown, N. Y.; two brothers, Al, of St. Louis, Mo., and Armond, in West Virginia.

Funeral services will be held on Thursday afternoon at French's Mortuary in Albuquerque with burial in Sunset Memorial Park.

MISS RUTH CRAMER

Funeral services in memory of Miss Ruth Cramer will be held at the Peterson Funeral Home at two o'clock Wednesday afternoon, conducted by Rev. J. A. Davidson, of the First Baptist church. Interment will be made in Oakland cemetery.

STILL IN USE

It has been estimated that more than one-third of the trucks and automobiles produced in the United States still are in use on the highways of the nation.

Service Suspended

The local post office has received word from the Post Office Department in Washington, that all mail service to Greece has been suspended, due to present disturbed conditions in that country. Mail which was sent to Greece after that country was in senders marked "service suspended." This applies to all forms of mail, including air mail.

WEATHER STILL HAMPER LOCAL DEER HUNTERS

A thick haze which settled over this section yesterday as hunters by the thousands started their annual quest for deer continued to hamper the efforts of the hunters today and the number of deer killed was reported as comparatively small.

However, the damp weather which marked the opening of the season was welcomed by the U. S. Forest Service and state forestry officials, who had warned hunters of fire danger in the woods prior to this week.

It was stated this morning that the danger of fires in the woods is practically ended for the time being and if the present damp weather continues the hazard will be completely eliminated.

Many of the thousands of hunters who entered the woods early yesterday in an attempt to kill a buck were on their way home last night, a large share of them disappointed.

The homeward trek started soon after 5 p. m. and last evening the highways were lined with cars containing the weary hunters.

Not all failed in their efforts, however, for some very good kills were reported during the day.

Game commission officials are keeping a close check on the woods and highways to locate any violations of the law. County Game Protector George Norris reported that a few does were killed illegally yesterday and a number of arrests were made for carrying loaded guns in cars.

The only hunting accident in this section on the opening day was the Spring Creek tragedy which claimed the life of Raymond Shawl, of that place.

METHODISTS OF YOUNGVILLE TO ATTEND DINNER

Youngsville, Dec. 2—Members and friends of the Methodist church are invited to a 6 o'clock fellowship dinner to be held in the church on Friday evening, December 5.

This will be a treat to which the entire family is invited and is under the sponsorship of the Woman's Society of Christian Service. Each guest is asked to bring a turkey, sandwiches or rolls, and their entire table service.

As it is nearing Christmas time, Christmas carols will play an important part in the program. Rev. Dwight Jack will make the carol time more interesting by giving entertaining bits of information about the carols sung and their authors. There will also be special music and other forms of entertainment. It is hoped that the families of the church will be well represented at this friendly dinner.

BOARD MEETINGS

The Methodist church school board meeting was held Monday evening. The tables were beautifully decorated in Christmas decorations and a delicious dinner served. Following the dinner a short social time was enjoyed with the exchange of inexpensive gifts.

Mrs. R. L. Mead conducted the business session in which plans were made for the Christmas programs of the church and the treats for the children.

Following the Sunday school board meeting the official board meeting of the church was conducted with Rev. Dwight Jack presiding. Plans were made for continuing the family night monthly dinner meetings through the winter.

It was decided to have a Christmas gift in the church and Sunday school for world service and to carry out the plans made by national church executives for the development of the church along all lines, but with special reference to the spiritual life of the church and community.

HEAVY TRAFFIC

Holiday traffic over the local Pennsylvania lines last week, was the heaviest enjoyed by the Pennsylvania line in many months. Every train was well filled, and Agent George Daum reports that traffic normally has shown a great increase during the past few months, especially in the sale of tickets to New York and to southern points.

SERVICE SUSPENDED

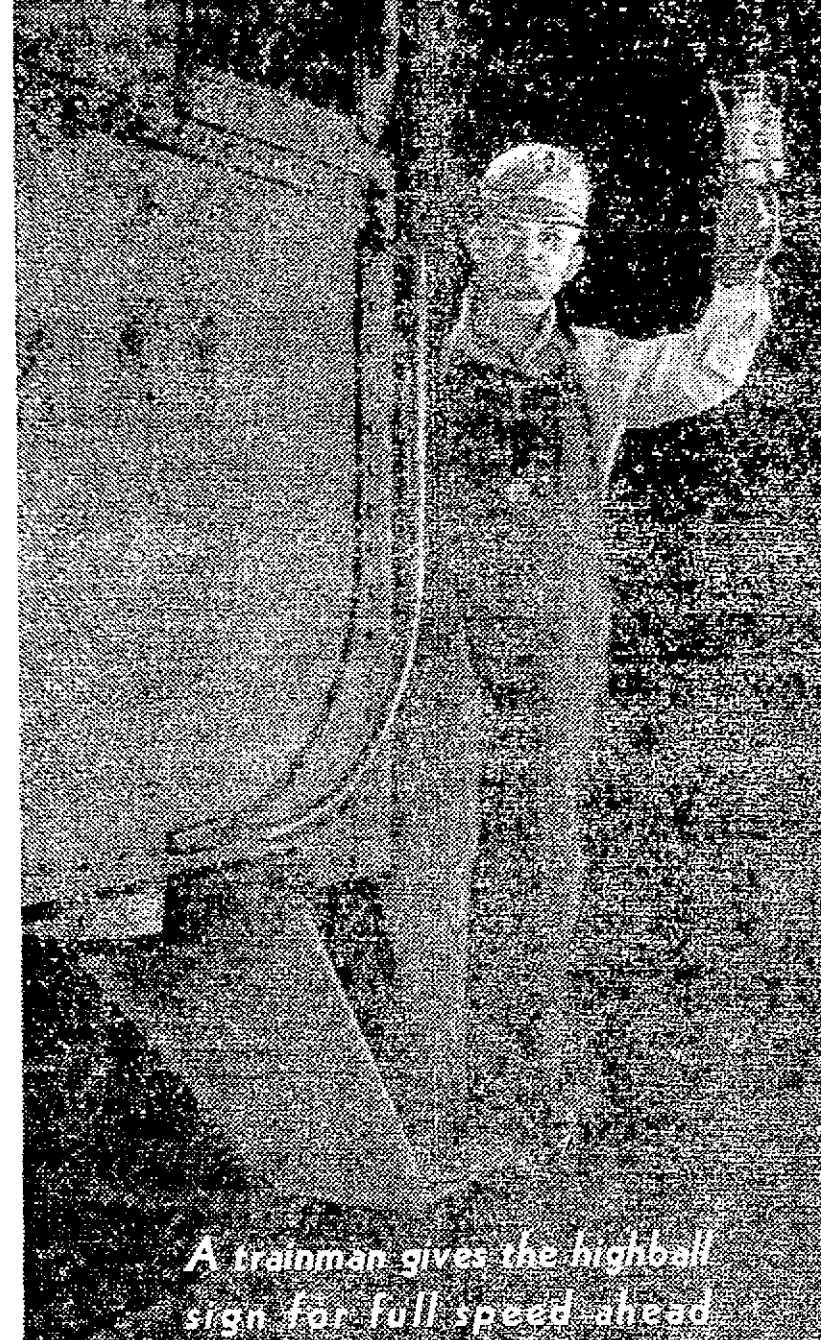

The local post office has received word from the Post Office Department in Washington, that all mail service to Greece has been suspended, due to present disturbed conditions in that country. DIES IN WRECK

Jacob Friggle, of Rouseville, died in his truck last night after it left the Oil City-Reno highway and crashed into a cribbing. Dr. S. G. Foster, coroner, said Friggle apparently suffered a heart attack, since he was unhurt in the crash.

ON PROBATION

Two men charged with stealing U. S. mail were placed on probation for three years by Federal Judge R. M. Gibson in court at Pittsburgh yesterday. They are John T. Eberline, of Brookville, former postal clerk in the Jefferson county community, and Edward L. Sebeck, of McClellandtown, charged with stealing three government checks at the McClellandtown post office.

COLLISION VICTIM

Lockjaw, which developed from injuries inflicted in an auto-truck collision November 21, caused the death of Erie yesterday of Charles D. Jones, 51, of Oil City. William Rose and his wife, Marie, were killed in the accident and a charge of involuntary manslaughter has been filed against Arthur L. Field, 51, driver of the car in which Jones was riding. The collision occurred near North East.

JOBS FOUND

Up to the middle of November, the Pennsylvania State Employment Service found jobs for nearly 220,000 persons, or 50,000 more than the total for all of 1940. Secretary of Labor and Industry Lawrence C. Hines announced today. In the week ending November 14, job placements rose 7 per cent, totaling 4,700. In Warren there were 17 placements made during that week. Unemployment compensation payments here totaled \$686.35. Total for the state during the week was \$249,962.50.

ASK PROTECTION

The State Department of Forestry and Waters has been asked by defense-minded citizens of Jamestown, Pa., for better protection of Pymatuning Dam. An act of sabotage might wreck the huge man-made dam which holds back the largest body of water in Pennsylvania and loose a flood over an area inhabited by 300,000 persons. The defense council there contends. In addition, defense mills in Sharpsville, New Castle, Farrell and Sharpsville are entirely dependent upon the lake for water during the dry seasons.

COUNTY POMONA GRANGE MEETS WITH CORYDON

Warren County Pomona Grange, No. 10, will hold its quarterly meeting on Thursday of this week, with Corydon Grangers entertaining. According to announcement just made, the session will open at ten o'clock in the fifth degree and be lowered to the fourth degree.

A member of the Corydon unit will extend a welcome to visiting members and officials with the response by Arnell Carter, of Freeheld Grange.

Mrs. Annabelle Wilcox will be in charge of the home economics hour, with a talk on nutrition by Mrs. Thelma Pendergast, home economics extension representative, and a recipe exchange for which each member is asked to bring a favorite recipe. Pleasant Grange has arranged a food demonstration, to be followed by the recess for noon luncheon.

When the afternoon session is opened at 1:30 o'clock, there will be group singing and O. C. Tritt, county farm agent, will speak on "The Food Locket Comes to Warren." Special music will follow and Dr. Leonard Rosenzweig, of the Warren State Hospital, will speak on "Mental Hygiene." Singing and recess for supper will be next in order.

The evening session will begin at 7:45 o'clock with group singing and exemplification of the fifth degree. After a business session, the diamond jubilee program will be presented by the Pleasant township members and Eldred Grange will present the "traveling implement case." A song will conclude the quarterly get-together.

At The Theatres

Bob Hope and Paulette Goddard in Gay Comedy Romance "NOTHING BUT THE TRUTH" At the Library Theatre Today and Tuesday

In "Nothing But the Truth," Bob Hope and Miss Goddard are teamed together for the third time, the first two times being in "The Cat and the Canary" and "The Ghost Breakers." "The Cat" by the way, was directed by Elliott Nugent.

Delivering gag upon gag in his well-known fashion, Hope in "Nothing But the Truth" is a stock broker, who can send the laugh-market up every time he opens his mouth or does a double take. The comedian keeps everything in plenty of territory. "Nothing But the Truth" is a laugh riot from beginning to end. This department recommends it for sure-fire, sparkling entertainment.

WEATHER GUESS

Extended forecast for the period from Tuesday, Dec. 2 to Saturday, Dec. 6: Region of the Great Lakes: Lower Great Lakes: Temperature will continue much above the seasonal normal during the period, with no important fluctuations indicated. Precipitation will average light to locally heavy, occurring mostly as rain at beginning and near end of the period. Upper Great Lakes: Temperature will continue much above the seasonal normal during the period, with no important fluctuations indicated. Precipitation will average light to moderate, occurring mostly as rain latter part of period.

PARADE AFTER-THOUGHTS

Two important things in connection with the successful Christmas parade of last Saturday mention of which was inadvertently omitted in Monday's writup were the fact that the Clarendon fire department was in the seventh division, and that most of the canes carried by members of the committee had been donated by Harry Shawkey who has gained considerable fame as a manufacturer of this particular type of walking stick.

THREE INJURED

Separate motor accidents, which occurred within an hour on the same stretch of highway, put three members of one Kane family in the hospital there yesterday. Fred E. Stakoley, en route to his home last night of his car after a crash and plunged over a 20-foot embankment. His son and daughter, notified of the crash, started toward the scene, but were involved in another accident. Their car ripped out a row of guard rails and bounded into a ditch. Father, son and daughter were treated for cuts and bruises.

NEW PASSENGER COACHES BEING BUILT BY P. R. R.

In furtherance of its continuing program for the improvement of its passenger equipment, the Pennsylvania Railroad, at a cost of approximately \$3,500,000, will air-condition, renovate and completely modernize 100 additional passenger coaches. The order will be carried out at the railroad's Altoona Works, in central Pennsylvania, and will be completed in time to make the modernized cars available for use in the summer of 1942. The first of the deliveries have been scheduled for about the middle of April.

With these cars in service, the Pennsylvania Railroad will have a total of 643 completely modern passenger-carrying cars, not only air conditioned, but provided with the most recent types of seating equipment and other appointments. It also has 498 other passenger-carrying cars which have been improved with air conditioning. In addition, 1,021 air-conditioned Pullman cars operate over the Pennsylvania Railroad's lines. The total air-conditioned fleet available for next summer's service will approximate 2,162 units.

Fifty of the hundred additional cars to be modernized will be adapted to the long-distance service, and will be equipped with reversible and adjustable reclining seats and spacious luggage compartments for the storage of heavy bulky baggage on extended journeys. The cars will have a seating capacity of 68 each. Ten other cars will be of the combined passenger-baggage type, with similar reversible seats for 36 in the passenger compartment. They will also be used in the long-distance trains. Both the full length and combination cars will be streamlined.

For use in the high-speed electrified service between New York, Philadelphia, Baltimore and Washington, 30 cars will be equipped with restful high back softly rubber-cushioned reversible seats for 80 passengers each, while 10 will be combined passenger-baggage cars with similar seating accommodations for 40 passengers.

All of the cars to be renovated and modernized will be equipped with tight-light couplers and rubber draft gears for smooth starting and stopping, wide windows of double glass for unobstructed vision and insulation against heat and cold, and the newest types of cast-steel side frame trucks, provided with roller bearings, in accordance with the practice of the Pennsylvania Railroad when modernizing its passenger-carrying cars.

PAPERLESS PAPER!

"Publishers of newspapers in America's smaller cities, confronted with the constantly climbing cost of 'getting out the paper,' will doubtless derive comfort from the assertion of John A. Garber, instructor in advertising at the University of Pittsburgh, that department stores do not take kindly to radio advertising," says an exchange in a very interesting editorial on the subject which follows:

Evidently John and Mary Customer have, through their pocketbooks, spoken to settle the issue between the printed "daily" which is thrown on the front porch by a carrier, and the less tangible "newspaper of the air" which is delivered, via the radio receiving set, into the living room. For enterprising broadcasting stations have attempted to evolve a paperless paper, complete with up-to-the-minute news.

"Why, then, are department stores, usually generous with newspaper space, chary when it comes to radio advertising? It cannot be a question of circulation, since radio claims millions of listeners. Perhaps it is these listeners who are responsible. For the average department-store advertisement lists scores of items. Listing, however intently, to a verbal description of these would be like 'window shopping' in a swiftly moving motor car.

"Moreover, newspapers, through news and editorial policies that become matters of record, acquire a definite character which attaches itself to newspaper advertising. If the character of the paper commands respect, the value of its advertising is enhanced. Some newspapers go further, demanding that advertising which appears in them conform to high standards of integrity.

"The 'newspaper of the air' is not yet so well integrated. Many different sponsors produce independent programs; responsibility seems diffused. In fact, those two mediums of advertising are not so completely competitive as they are complimentary. When you want to know what's 'on the air' tonight, where do you look? In the paper."

MORE CAUTION NEEDED

Warren county's first hunting tragedy in which a 16-year-old high school lad accidentally killed his companion, when his thumb slipped from the trigger of a shotgun should serve as a warning to others who will be in the woods during the remainder of the season.

While it has been definitely established that the death of the Spring Creek man was purely accidental and the public generally is inclined to extend sympathy to the young Union City boy, the facts in the case indicate that just a little more caution and perhaps longer deliberation to make certain as to existing conditions would have averted what turns out to be a tragedy not only in the home of the victim but in the life of the youth involved.

Hunters must ever keep in mind that too much care can not be exercised in the handling of high-powered weapons, especially in the excitement and anticipation of making a kill.

WASHINGTON INTELLIGENCE

Unpublicized reason why little Germany takes time beating big Russia, according to Washington advices, is that before Germany got the blitzkrieg idea, Russia had it.

It's most important single feature—close co-operation between ground troops, especially armored forces and aviation—first appeared in the Red army's Bible, a volume entitled "Regulation." While this manual was being compiled, German Reichswehr continued close relations with Russia begun after the World War.

The Germans grabbed off Russian ideas as they grabbed off British tank break-through tactics and American dive-bombers and industrial mobilization methods. The Germans originated fewer of their famous tactics than they borrowed.

Blending of all ideas into an harmonious whole is their real contribution to military art.

A majority of hunters in that caravan of cars that rolled east Sunday night seems to have motored home last evening between five and seven and most of them were disappointed.

EDSON'S WASHINGTON COLUMN

BY MILTON BRONNER

NEA Service Staff Correspondent
Washington, Dec. 2.—Ten students of the junior class in Colgate University, Hamilton, N. Y., are having the time of their lives watching government bureaus work here and hearing the wheels of Congress grind. They think it's much better than sitting in dull classrooms and studying the facts from dry-as-dust textbooks.

This is the seventh year this has been done and the whole plan is unique with Colgate University. Every year 10 students who stand highest in their freshman and sophomore years are selected from the junior class. Attendance at the study course in Washington is entirely optional and also depends upon whether the boys feel they can afford it.

The course is very serious work, but made intensely interesting by the opportunities offered the students who come to the capital in charge of Dr. Paul S. Jacobsen, assistant professor of political science. Under the Colgate plan, the boys spend the first semester from Sept. 25 to Jan. 25 here, and while in Washington they get credit for the work done here. The time is spent in these proportions: for every nine hours devoted to the study of public administration six other hours are spent in the study of political control.

From 8:30 to 10:30 a. m., the boys meet Dr. Jacobsen in an informal class in which topics connected with their studies are discussed. He then assigns two students each to go to the offices of the Securities and Exchange Commission, Food and Drug Administration, Civil Service Commission, Interstate Commerce Commission and the Customs Bureau of the Treasury Department. Arrangements for their reception and guidance are made in advance by Dr. Jacobsen.

The students are given every opportunity to see how the bureaus are organized, what their work is, how they arrange their budget and direct their personnel. Day after day may thus be spent for a month. At the end of the semester each student is supposed to write elaborate reports on what he learned about at least three government bureaus or departments.

In the matter of political control, the students attend the galleries of the Senate and House and thus see Congress in action. They attend congressional committee meetings, hearings and investigations. They have opportunity to attend conferences with the majority and minority leaders in Congress. Finally, they usually get consent of the congressman from their district or one of the senators from the state to do some work in his office. They thus get an idea of the mail the solon gets from his constituents, and also what arguments are made by pressure groups and lobbyists.

This year they are concentrating on public administration in relation to national defense. They also watch the propaganda machines at work in their drives for and against matters connected with defense and foreign policy.

Through Dr. Jacobsen's acquaintances in Washington the students have an opportunity to meet personally many of the leaders in Congress and, sometimes, cabinet officers and justices of the Supreme Court. An annual social event is a tea given them by Mrs. Roosevelt.

The students this year are Robert Beitz, Buffalo, N. Y.; Robert A. Walker, Hamilton, N. Y.; William J. Barber, Cleveland Heights, O.; Noel Rubinton, Brooklyn, N. Y.; William J. Smith, Westfield, N. Y.; Joseph de Bragg, Richmond Hill, (Turn to Page Five)

STORIES IN STAMPS

California Restores Chain of Missions

In tribute to courage and persistence of the Spanish missionaries who brought religion to the Indians of the American southwest, stands a 600-mile-long chain of missions.

Some are crumbling, some are in good repair, but all 37 in upper and lower California are constant reminders of the struggle the missionaries encountered with arid lands and hostile Indians.

One of the oldest of those in upper California is the mission San Francisco de Asis, pictured on the stamp above issued by Ecuador in 1939 to honor the Golden Gate International Exposition.

The structure, begun in 1782, is on 16th and Dolores avenues in San Francisco and from its location comes its more popular name of Mission Dolores. An earlier church was founded on the same site in 1776, but was later destroyed.

Under the control of missions the Indians learned to practice agriculture, tanning, weaving, and many other arts of civilization unknown to the natives. They produced wheat, oranges, leather, cloth, soap, some furniture and ironware, and a little wine and olive oil.

The missions were secularized in 1823 and their property was confiscated.

A WASHINGTON DAYBOOK

By JACK SINNETT
WASHINGTON—Answering the mail orders:
Corp. T. L., Camp Barkley, Tex.—The "air jeeps" will probably get their first real test in the Carolina maneuvers, but in preliminary practice the "grasshopper squadrons" of five-ver planes already have proved themselves in the Louisiana maneuvers. The planes cost about \$3,000 each.

FINGER Print and Identification Magazine, Chicago—I stand corrected. President Roosevelt was fingerprinted soon after he took office, and according to the double check which I should have made in the first place, practically all members of the First Family, now have done their finger exercises for the great file that is kept in the FBI. By the way, I assume you know that the best story on fingerprinting in modern times, to my way of thinking, is the fingerprinting of aliens. It would be impossible to round up, in a fat volume, all the good human interest stories that came out of it. There was the case of the Scot, 60 years old, and a "legal voter" for 39 years who didn't know that he was NOT born in this country; and the Greek, who served in the World War and thought his discharge papers entitled him to citizenship. He has been voting for 20 years too. There are thousands of such yarns that came out of the alien registration and fingerprinting law.

bill to allow U. S. ships to go into ports of warring countries (212 to 194) isn't considered here as any indication of disunity in the country. The non-interventionists, for example, have been claiming that 80 per cent of the people are against war or any steps that might lead to war. If this is such a step, as they argued, the almost 50-50 vote in the House would be far off. An overwhelming vote, say 80-20, or 70-30 vote against the Administration foreign policy, would be a much greater indication of disunity. As I have explained before, there were many factors entering into the narrowness of this margin. In reality, the margin is pretty much as follows: the pattern of Congressional votes on highly controversial questions ever since the first Congress assembled—they nearly always are close. The important thing is that with few exceptions, the people always have gone pretty much all out in backing the laws of the land, no matter if they passed only by a single vote.

K. N. Alexandria, Va.—There's nothing to that report that conscientious objectors and persons who ask deferment under the draft will not get their government jobs back when their cases are settled, or peace has returned. The Civil Service Commission, the people always have gone pretty much all out in backing the laws of the land, no matter if they passed only by a single vote.

M. N., San Antonio, Tex.—The army has released no figures on it but inside guesses are that a far greater number of selectees are enlisting in the regular army (for three years) than anyone suspects. Even before the army announced its plan to urge selectees to enlist for regular army service (so they may be subject to overseas duty) some camps were reporting that from 50 to 60 per cent of the selectees were coming in as regular army enlistees.

P. R. L., San Mateo, Calif.—The narrow margin on the House vote on revision of the Neutrality

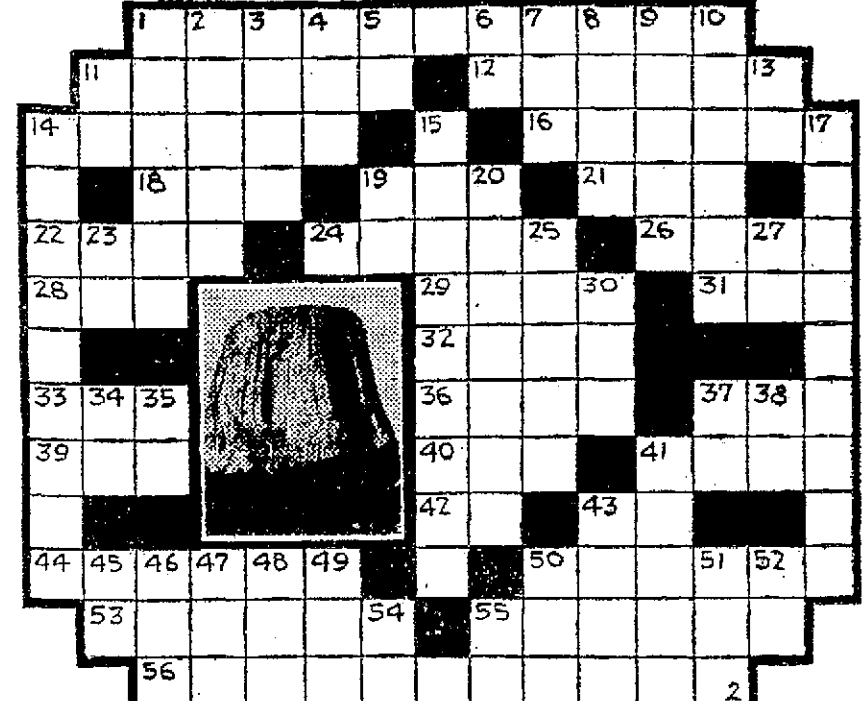

W. L. C., Carthage, Ill.—There are 429 members of the House, at present, with six vacancies (an unusually low number of vacancies). There are no empty seats in the Senate—the reason being that Senators are appointed by the governors when vacancies occur through death or resignation. The theory, I told this, I'm told, is that it is all right for a governor to appoint a Senator, since he (the governor) also is state elected. The congressman must be elected because he represents a state district only—one that may be opposed to the governor's views.

BUSINESS RISE DOWN IN PENN STATE SURVEY

Business in all leading Pennsylvania cities was better in October than in October, 1940, the monthly Pennsylvania State College Business Survey reports. Erie the gain with 39 percent, and Philadelphia was second with a percent increase over last year.

Measured by bank deposits, factory payrolls and independent sales, the increase for the month as a whole was 27 percent over October, 1940, the report related.

The cost of living was also up 11 percent from a year ago, 11 percent since the start of war.

In Warren, postal receipts in October totaled \$88,595, the high figure for that month since 1917, and an increase of four percent over those reported a year ago. From September to October, receipts rose seasonally by 37 percent.

Receipts for the first ten months of the year were down one percent from those of 1940 in the ten months.

New car and truck sales were down 11 percent from a year ago, 11 percent from September to October sales.

increased seasonally by 55 percent, which was much less than the gain noted a year ago. Sales for the year to date were up 19 percent from the corresponding figure of last year.

Building operations were only \$5,125, a 58 percent reduction from those reported last October. From September to October the decline was 72 percent. Operations for the first ten months ran 25 percent above those of the previous year.

Telephones in service on November 1 were 5,326, a net increase of 262 in the past 12 months. The increase during October was 21 stations.

Factory employment in the Kane-Oil City area of five counties in which Warren is located rose to 68 percent of the 1923-1925 average. This was the best October figure since 1937, and an increase of 12 percent over that reported a year ago. From September to October, employment rose seasonally by three percent. Employment for the first ten months averaged nine percent higher than that of 1940 in the same months.

Factory payrolls increased to 87 percent of the 1923-1925 average, a new high for any month in recent years and a gain of 43 percent over those reported a year ago. From September to October, they rose five percent or less than the seasonal expectations. Payrolls for the year to date averaged 27 percent more than those of last year in that period.

Industrial power sales were at a new high level and gained 11 percent over those of 1940 in October. From September to October, sales rose two percent or less than the expectation. Sales for the ten months increased 11 percent over those of 1940 in those months.

Chester, Dec. 2—(AP)—Assistant manager R. Edwin Hutchins explained to 1,200 patrons of the Washington theatre Sunday night that there was trouble in the movie projection equipment and asked them to leave. The movie-goers filed out quietly and then watched all the city's fire equipment fight a blaze which caused \$10,000 damage to the theatre's projection booth and lighting plant.

CHILDREN'S AID SOCIETY MAKES HOLIDAY PLANS

The Children's Aid Society, following its distribution of articles contributed by the Needlework Guild, is busy making plans for its Christmas program.

In behalf of the children outfit through this source, the board of directors wish to express their appreciation to the Needlework Guild. Of the 358 garments received, 255 have been used for 59 children in 20 families. The remainder will be distributed among families helped by the agency during the Christmas season.

Although the Children's Aid Society has been placing stress upon medical and dental care for children under its supervision and has no clothing fund for children in their own homes, it does attempt to supply this need through the annual Needlework Guild gifts and its Christmas fund.

For this reason, donations of clothing, toys or money will be gratefully received by the society. Interested persons may contact the society at its office on the third floor of the court house building.

There are about 100 United States post offices and six sub-stations in Puerto Rico.

SENIOR PLAY TO BE PRESENTED AT YOUNGSVILLE

Youngsville, Dec. 1—Youngsville High School senior class play is being given Thursday and Friday evening of this week. The title, "Shake Hands With Murder," indicates a mystery play, but those who have seen the production say there is plenty of rollicking humor despite the serious title.

The seniors have been putting on much hard work in preparation and there is a strong cast which should fill the high school auditorium for the two performances. The scene of the play is a boarding house, and the play is under the direction of Miss Elizabeth Bittle.

Those taking part in the play are Charles Johnson, May Hayday, Dorothy Nyquist, Marjorie York, Anna Colter, Phyllis Carr, Lois Abbey, Phyllis Brennanman, Paul Fitzgerald, Merle Haight, Bill Schnell and Steve Gentile.

NINETEETH BIRTHDAY
Mr. and Mrs. Frank Weaver spent Thursday at the home of Charles E. Jones, Mrs. Weaver's father, who lives near Wrightsville. Charles E. Jones celebrated his 90th birthday as well as the national holiday.

Other dinner guests at the Jones home were F. L. Jones and daughter, Rachael, of Oakmont, Pa. Mr. Jones received many gifts and greetings in honor of his birthday. A beautiful birthday cake was sent by Mrs. F. L. Jones, Oakmont.

Rev. Wallace Johnson, of Chandlers Valley, was a supper guest. Mr. Jones is now planning to spend the winter months with his daughter, Mrs. Frank Weaver, in Youngsville.

LOCALS

The Red Circle Christmas party will be held Wednesday afternoon with Mrs. Georgia Kinnear. This circle as well as the Orange Circle, are bringing Christmas gifts for the little people of the Cradle Roll to their circle meeting.

Miss Reba Metzgar, in an amateur hour program held in the junior high school building of Jamestown, Thanksgiving night, won third place in the contest by her singing of "Trees" with Robert Lodge, also of Youngsville, as accompanist.

Monday, the opening of the deer season, saw a red army from Youngsville in the field. Among the number will be many youthful hunters as Youngsville school is remaining closed on Monday, giving those who want to hunt to have the first day chance and also making longer the Thanksgiving vacation, which is especially appreciated by teachers and pupils who are spending this vacation out of town.

John Sheffer and friend, Wilbur Wassar, who were Sunday guests at the home of the former, and Warren Husted, returned to Houghton College Sunday evening. Warren Haupt, of State College also returned on Sunday.

There had been no horses on the American continent in recent geological times until the Spaniards came in the 16th century.

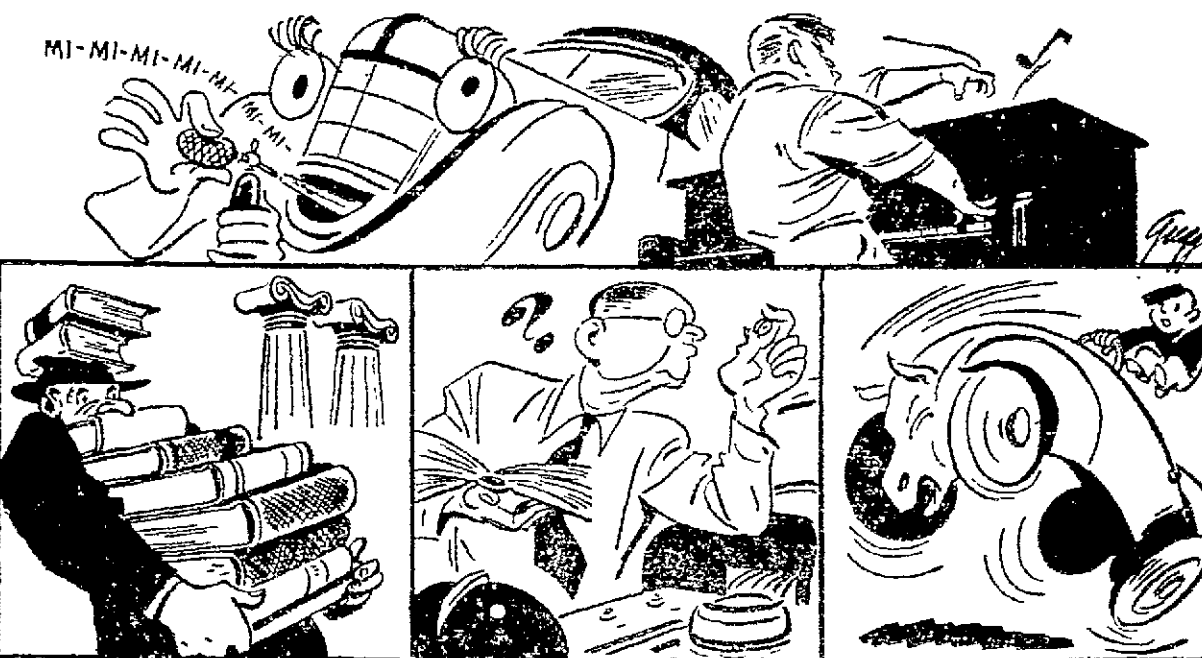

Don't dread another night of coughing. Get a bottle of PISO's today and get both local and internal relief from coughs due to colds.

LOCALLY, PISO's soothing ingredients cling to your throat, quickly ease and relax irritated membranes that bring on coughing spells.

INTERNALLY, PISO's stimulates flow of normal throat secretions—loosens tight phlegm. For coughs due to colds, ask your drug-gist for a bottle of PISO's (710-50's).

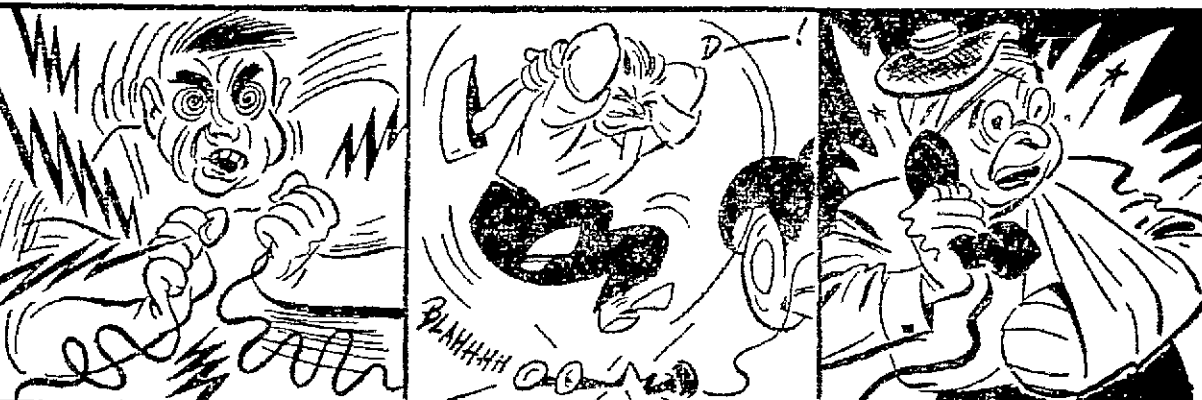

How to tune-up your car, Yourself!

First, go to the Library. Lug home books on auto-ignition, carburetors, and internal combustion engines. A few evenings of intensive study will be sufficient.

Begin by lifting the car's hood. Better yet, take it off. Clean the carburetor first. You can find it with a match. It's the thing that suddenly explodes in your face.

While your wife looks at the book on how to reassemble the carburetor, you can check the timing of the car. If this stumps you, ask a Ford service man. He knows all that's in the books!

Now, if you haven't blown the head off the motor, this is as good a time as any to check the ignition, wiring, etc. This is amusing to the neighbors and it won't cost much to replace the blown out fuses.

Soon the horn will be blowing steadily. There are several ways to stop it besides cutting the wires with an axe, but none half so effective! Neighbors, by now, will politely suggest you call your Ford Dealer and get the job done right!

By this time if you think they have the right idea, drop your tools and phone your Ford Dealer. From there on in everything's rosy. In no time, your car will put a symphony of contented power.

IT'S A MUCH SMARTER IDEA to save all fuss and bother by bringing your car to us every now and then for a periodic check-up. We have special equipment and skilled mechanics to do the job quickly... thoroughly, and at reasonable cost. For the best of care, it always pays to bring your Ford "back home" to the men who know it best.

It's much better to call your Ford Dealer

Wiggins and Moore Ceremony Performed By Rev. H. B. Ward

Rev. H. Blair Ward, former pastor of the Church of the Nazarenes, returned last evening from Toronto, Canada, to officiate at the wedding of Miss Ruth Elizabeth Moore daughter of Mr. and Mrs. Floyd S. Moore, 116 Prospect street, and Robert Howe Wiggins son of Mrs. Frank L. Wiggins of Sugar Grove.

The ceremony took place at eight o'clock in the church where white chrysanthemums were used in artistic decoration and Miss Gladys Judd provided a beautiful program of wedding music.

The bride was given in marriage by her father and attended by her three sisters, Mrs. Dale Fitzgerald, of Bradford, as matron of honor; Mrs. Raymond Clark and Miss Edith Moore as bridesmaids. Completing the bridal party were Raymond Clark as best man, Dale Fitzgerald, Gerald Schooner, Roger McFarland and Paul Gray as ushers.

White satin fashioned the bridal gown, with an orange blossom tulle to hold her veil in place and white chrysanthemums for her bouquet. Mrs. Fitzgerald wore aqua taffeta and carried bronze chrysanthemums and the bridesmaids, old rose taffeta and bouquets of dark red roses with white pompons. Their frocks were similar to that of the bride and all wore matching flowers in their hair.

Immediately following the ceremony, an informal reception was held at the home, with Mrs. Moore receiving in a frock of green, with black accessories, and Mrs. Wiggins wearing black with matching accessories. Each had a white pompon corsage.

For a wedding trip to points in Ohio Mrs. Wiggins wore a black dress matching accessories and a soldier blue hat and coat with gray squirrel trim. Both young people are employed at the Warren State Hospital.

Girl Reserves Busy With Plans

Among the busiest younger groups in town are the Girl Reserves of the Y. W. C. A. with plans for many varied activities under way for the various units. Some events of the past week included:

East Street—Business meeting and completion of plans for the twelve supper held last evening and packing of a Thanksgiving basket. In charge for this week were Dorothy Anderson, Joann Finley and Connie McNulty.

Jefferson—Twenty members were present for a business meeting, to make plans for a twelve supper this evening. Later the group enjoyed an educational tour of the Warren Baking Company plant.

McClintock—The following program was presented in conjunction with a meeting held at school on Tuesday afternoon. Play, "The Forest Maiden" given by Frances Tomason, Nancy Papalia, Elaine McManus, Charlotte Harrison, Grace Andrea, story, "Deborah" by Sally Whitcomb, story, by "The Tomson" songs, Connie Corbran, Charlotte Harrison and Lois Rhodes, song and poem Dorothy Benson. The girls have as their new leaders, Mrs. Benson and Mrs. Smoulder.

Starbrick—A Christmas dinner was discussed by Starbrick girls at their Tuesday meeting, when they reported all dues paid the first unit to report.

South Street—No regular meeting was held by this group, but a Thanksgiving basket was packed and delivered by ten members on Wednesday.

Lacy—A nice Thanksgiving program was enjoyed by these girls on Wednesday with stories, songs and a musical number. It was reported that Mary Ryberg, Joann Yagge and Patty Graebner have unraveled and washed yarn to start squares for an afghan at the next meeting. The knitting committee reminds the girls to bring No. 6 needles.

Beatty—While the regular business meeting was held the Freeman-Beatty dance committee made further plans for the Christmas frolic to be held at the Y. W. C. A. on December 22. Afterward all enjoyed a taffy pull.

P. T. A. News

CHANDLERS VALLEY UNIT—The November meeting of the Chandler's Valley P. T. A. was held at the school house. After singing "Juana" devotionals were conducted by Rev. Wallace Johnson. The attendance banner was awarded to the first team. The chairman of the finance committee reported that \$20.50 had been received from the service committee in charge. Plans were made for the Christmas party to be held on December 15, with Elizabeth Eby, as chairman and Marjorie Harwick and Arlene Schure. The remainder of the evening was spent making surgical dressings at the Red Cross headquarters.

W. S. C. S. MEETING—The Woman's Society of Christian Service of Grace Methodist church will meet Thursday evening at 7:45 o'clock in the social rooms of the church. Members and friends are urged to be present. The feature of the program will be a Christmas play, "Mimi Lights a Candle," presented by members of the Eastern Star Drama Club.

Y-DEB CLUB—The Y-Deb Club members held their dinner-meeting last evening at the Y. C. A. activities building, with the service committee in charge. Plans were made for the Christmas party to be held on December 15, with Elizabeth Eby, as chairman and Marjorie Harwick and Arlene Schure. The remainder of the evening was spent making surgical dressings at the Red Cross headquarters.

Spanish War Vets' Auxiliary Election

The Ladies' Auxiliary of Lewis M. Clark Camp, United Spanish War Veterans, elected Miss Mary Blocher president at last night's business session, held in the American Legion Home. Others named to office at this time were:

Senior vice president, Mrs. Hilda Rohlin; junior vice president, Miss Anna Lesser; patriotic instructor, Mrs. Ella Walters; chaplain, Mrs. Winnifred Jaynes; historian, Mrs. Rosemary Armstrong; conductress, Mrs. Elvora Armstrong; assistant, Mrs. Kate Blocher; guard, Mrs. Mary Root; assistant, Miss Grace Mook; secretary, Mrs. Bertha Lyons; treasurer, Mrs. Lorena See; reporter, Mrs. Ella Walters.

Mrs. Bertha Lyons, past president, will act as installing officer when this slate is inducted on January 6.

The group is completing plans for a Christmas party to be held for camp and auxiliary members on December 15.

Lander Teacher Is Bride in Bloomsburg

Lander, Dec. 2—A marriage of much interest here took place at three o'clock Saturday afternoon in Bloomsburg, when Alice Elizabeth Galbreath and Robert J. Roach were united in St. Paul's Episcopal church by Rev. Millie Doyle.

The bride is the daughter of Dr. and Mrs. R. G. Doyle of Bloomsburg and has just tendered her resignation as a member of the local high school faculty. Mr. Roach is the son of Mr. and Mrs. Edmond Roach, of Corry. He is employed by the Aero Supply Company in that city and they will make their home there.

The bride wore a white gardenia corsage with her frock of blue velvet. The couple were unattended.

Catholic Daughters Making Many Plans

Miss Maryann Brugger, welfare worker for the Children's Aid Society, talked to members of Warren Court, Catholic Daughters of America, at the Philomel Club last evening preceding their regular business session. Her talk on the work of the society was very interesting and greatly appreciated.

Plans for Christmas charities were discussed and will include a food shower of staples for the Benedictine Sisters, a dime shower for girls at Gannockdale, as well as the usual contributions to diocesan charities and local cases handled by the charities committee. Announcement was made that the Christmas party will be held on December 15, with Mrs. J. T. Valone as chairman.

Social Events

TABITHA SEWING CIRCLE TO MEET—The Tabitha Sewing Circle will meet at the home of Mrs. J. P. Ostergard, 606 Pennsylvania avenue, east, on Thursday afternoon at two o'clock. Friends and members are invited to attend.

JEWISH AUXILIARY PLANS CELEBRATION—The Jewish Ladies' Auxiliary held its monthly meeting Monday evening in the synagogue social rooms with Mrs. Greenwald conducting devotions.

Mrs. Jack Greenwald, chairman, announced details of the forthcoming Chanukah celebration on December 21, when two plays will be given by Sunday school classes and the annual dinner will be served.

A very interesting paper on historical and traditional events of the holidays soon to be celebrated was presented by Mrs. Myer Berenfield and a social time followed with Mrs. E. Gordon and Mrs. D. Gordon as hostesses.

TIMES TOPICS

PLANS PROGRESS—Plans are progressing nicely for the annual winter concert of the high school a cappella choir, which will be presented in the school auditorium on Friday night of this week. Tickets may be had from any member of the choir and advance sales indicate a capacity audience. Details of the program will be announced tomorrow.

SECURITIES CHARGE—Morris Berman, of Philadelphia, has been taken to Lebanon county to face a third charge of violation of the state securities act in Warren county oil land transactions. He served a term in Cumberland county jail on a similar charge, pleaded guilty in Dauphin county and was given a suspended sentence, according to an Associated Press dispatch from Harrisburg. The charges grew out of Berman's efforts to sell land or parts of oil leases in this county to persons in the eastern part of the state without obtaining a certificate from the Pennsylvania Securities Commission.

TEA AND MEETING—Russell, Dec. 2—A Ladies' Aid tea will be held at the home of Mrs. Walter Mellor on Thursday afternoon at three o'clock. The tea will be preceded at two o'clock by a business meeting of the members of Mrs. Darling's contest group.

PHILOMEL MEETING—The monthly business meeting of the Philomel Club will be held at the clubhouse at 2:30 o'clock Wednesday afternoon and all active members are asked to be present. The annual Christmas program will be presented one week from tomorrow.

P. H. C. MEETINGS—The P. H. C. Juniors will meet on Thursday afternoon at 4:15 o'clock. It was announced today. The meeting of the senior P. H. C. organization will be held at several o'clock Thursday evening, when officers and representatives to the Grand Circle will be elected. A series of games will be held at eight o'clock.

W. B. A. PARTY—Review No. 4, Woman's Benefit Association, will have a card party for members and friends on Thursday afternoon in the form of a dessert-bridge, starting at 1:30 o'clock. The regular dinner will be at six o'clock, and the meeting will be at eight o'clock, with an election of officers. A large attendance is hoped for.

CONTRACT BRIDGE—Contract bridge players will have another tournament at the Philomel Club at eight o'clock on Wednesday evening.

At last night's duplicate game at the Marconi Club, Henry Hunzinger and H. R. McClure were high pair for seven tables. In second place were M. A. Kornreich and D. Vetric, third, Mrs. Grace Lott and Helen Laufenburger.

GLOVES FROM CONN—Clyde Smith, who at one time was a box fighter in the stable of Jimmy Dime, of Pittsburgh, is in receipt of a card and a pair of miniature boxing gloves sent to him by Billy Conn, famous Pittsburgh heavyweight, who expects to battle Joe Louis again for the title. Smith is a Billy Conn fan, and has spent much time with the Pittsburgh battler.

HELD FOR COURT—Eric A. Vogan, who is employed at the State Hospital at North Warren, was arraigned before Justice of the Peace T. Richard Evans yesterday afternoon on a charge of driving while under the influence of intoxicating liquor. He pleaded not guilty to the charge and is being held for the next term of court. In default of \$1000 bail he was remanded to the custody of the sheriff.

Farmer is Being Quietly Groomed as G. O. P. Gubernatorial Timber

(From Page One)

Heyburn, tall and blonde, is 38, has been active politically for six years and has developed a reputation for independence in the legislature.

An unusual set of circumstances put Heyburn in the senate. He ran on the Republican ticket at the primary and was defeated by McClure. Democrats then got behind him and the Democratic nomination dropped out with Heyburn winning the election from McClure.

The Democrats seated Heyburn on their side of the senate, but Heyburn later went to the Republican caucus and announced he was a Republican. He voted independently, however, opposing the Republicans about as many times as he voted with them.

These behind Heyburn theorize the Republican primary is apt to produce a "dark horse" candidate. They say—and of course it's only their word for it—that Senator Davis may not get the "organization" backing and decline to risk a primary fight—and that General Martin up to now has been cold toward the idea of making the run.

Whether Reno feels as though he would want to go through the physical exertions of a stiff primary and election is a question, too, they add. The attorney general was compelled to take some time off to recuperate after long days and nights in the 1941 legislature.

On the central front, a bulletin from Hitler's field headquarters asserted that German troops pressing the two-month-old offensive against Moscow had penetrated deep into the capital's defense system—how far was not stated—while a Soviet spokesman countered with a statement that "the Germans can register so far only tremendous losses in all directions, without exception."

A Nazi military spokesman commenting on North African conditions said developments indicated a "definite turn of events in a few days," indicating that a decisive phase of the conflict was imminent.

In the waters outside Tobruk harbor, the Italian high command reported the sinking of a 5,000-ton British cruiser of the Aurora class under three aerial torpedoes.

In another sea clash, the Australian government reported, the 6,830-ton Australian cruiser Sydney sank the heavily-armed 9,400-ton German raider Steiermark but was herself sunk in action, somewhere off the Australian coast.

Britain's new 55,000-ton battleship Prince of Wales steamed into the great Singapore naval base today at the head of a flotilla of powerful naval reinforcements as Japanese dispatches asserted that British imperial troops were massing along the Thailand frontier for an invasion.

Vichy authorities forecast important new developments in French-German relations following a conference of Marshal Petain and Reichsmarschal Herman Goering yesterday in a railway car near Saint Florentin, in the occupied zone of France.

The conference was declared by Secretary of State Jacques Benoit-Mechin to represent the "unmarked will of the French government to engage itself eternally and constantly on a path of durable and fruitful European cooperation."

Great Britain consumes approximately 40,000,000 gallons of ice cream annually, in normal times.

German Flee in Rout From Rostov as British Sustain A Severe Setback in Libya

ripped, 100 miles west of Rostov, to make a new stand around that city, which they captured Oct. 7.

The German high command said bitter fighting was continuing but gave no details.

On the central front, a bulletin from Hitler's field headquarters asserted that German troops pressing the two-month-old offensive against Moscow had penetrated deep into the capital's defense system—how far was not stated—while a Soviet spokesman countered with a statement that "the Germans can register so far only tremendous losses in all directions, without exception."

A Nazi military spokesman commenting on North African conditions said developments indicated a "definite turn of events in a few days," indicating that a decisive phase of the conflict was imminent.

In the waters outside Tobruk harbor, the Italian high command reported the sinking of a 5,000-ton British cruiser of the Aurora class under three aerial torpedoes.

In another sea clash, the Australian government reported, the 6,830-ton Australian cruiser Sydney sank the heavily-armed 9,400-ton German raider Steiermark but was herself sunk in action, somewhere off the Australian coast.

Britain's new 55,000-ton battleship Prince of Wales steamed into the great Singapore naval base today at the head of a flotilla of powerful naval reinforcements as Japanese dispatches asserted that British imperial troops were massing along the Thailand frontier for an invasion.

Vichy authorities forecast important new developments in French-German relations following a conference of Marshal Petain and Reichsmarschal Herman Goering yesterday in a railway car near Saint Florentin, in the occupied zone of France.

The conference was declared by Secretary of State Jacques Benoit-Mechin to represent the "unmarked will of the French government to engage itself eternally and constantly on a path of durable and fruitful European cooperation."

assurance association which succeeded it.

The 12-count indictment charged that the company made misleading statements in selling contracts.

The indictment charged the defendants with violation of the fraud sections of the securities and exchange act and conspiracy to violate both the securities and exchange act and the mail fraud statutes. The conspiracy count listed 34 overt acts.

The indictment charged the defendants used invested funds, under the guise of profits to pass dividends and that investment contracts were purchased for a period of 10 years at stipulated monthly payments with customers usually of the investor rather than the speculator type.

HUNTER WOUNDED

suffered the loss of the thumb and index finger of his right hand late yesterday afternoon when his gun was accidentally discharged as he was chasing a deer in the Westmore district, near Kane. According to reports, he shot a deer which fell to the ground but jumped up again and started to run. Favorita ran after the deer and as he did, he fell and the gun was discharged. The man was taken to the Kane Community Hospital by companions. His condition is good today.

VISITS IN WARREN

George Titus, a graduate of the Warren high school, spent a few days in Warren recently on his way to Washington, D. C. Mr. Titus is now an accountant of ability and is in the employ of the U. S. government. In this capacity he has taken part in the checking up of the accounting end of some of the most famous cases prosecuted by a settlement government and it was largely through his ability that Kansas City's famous Boss Prendergast was sent to prison. The work of Mr. Titus uncovered the financial maze in which the affairs of the famous political overlord was unraveled. Mr. Titus is now engaged in checking up on firms that are manufacturing defense products for the government. He is a brother of Mrs. Stuart Lyon, of this city.

Japan was anxious to continue the conversations and hold open the door for a settlement.

Kurusu, asked if he still thought he had a "fighting chance" of success, replied: "Yes, I don't give up so easily."

Nomura said "nobody wants war—war would not settle anything, anyway."

The conference with Welles lasted 35 minutes. When he emerged, Nomura said merely: "We are in a position to disclose anything. He talked and we listened."

President Roosevelt also gave his attention once more to the situation setting in the Pacific, calling Hull in for a conference, along with Secretary of War Stimson and Secretary of Navy Knox.

Japan has yet to make a formal reply to the formula of basic principles set forth by Hull last week, and the state department waited for Tokyo's answer to indicate future Japanese intentions.

During the waiting interval yesterday, Kichisaburo Nomura, the Japanese ambassador, and Saburo Kurusu, Tokyo's special envoy, conferred with Secretary Hull on what officials described as subordinate phases of the points at issue between the two nations.

The situation in the Far East, meanwhile, continued tense and an analysis of troop and naval movements led military strategists here to the conclusion that the so-called ABCD powers already had made their decision to fight it and when Japan invaded the non-threatened little kingdom of Thailand.

The ABCD powers—America, Britain, China and the Dutch East Indies—are known to be in full accord with the position the United States has taken in the negotiations with Japan, and the ABCD members of the anti-aggression front were kept completely informed on all developments in the diplomatic discussions.

President Roosevelt and Secretary Hull have let it be known that there was nothing to be said on the Pacific situation until the Japanese government answers Secretary Hull's note.

for both days, and an extra one for good measure.

So this year when the same difference in dates arose again, Lord proclaimed:

"Whereas, the city of Pottsville has much to be thankful for, it is fitting that three distinct days be designated to give thanks."

And much of the country is joining in.

The outstanding high school football players of the area are ready for an all-star "dream game." There'll be no school in the district so the children can attend a street parade with Christmas toyland floats, displays and prizes.

Just to start the day off right, Lord has 1,000 chickens to give away to the needy. Organizations have arranged band concerts for downtown street corners special church services and civic club programs have been prepared.

COUNTY PASTORS HOLD DECEMBER MEETING AT "Y"

At the regular meeting of the Warren County Ministerial Association, held Monday morning at the Y. M. C. A., the Rev. S. R. Schieb was elected treasurer for the balance of the year, succeeding the late Rev. Emerson H. Jones of Clarendon. Rev. Schieb is secretary of the association.

A report on the Leadership Training School was presented by the Rev. J. A. Davidson and the Rev. F. Pinkner. Wirth reported on the music festival plans.

Plans for the annual Week of Prayer, which opens January 4, 1942, were discussed and the following committee was named with power to act: Rev. J. C. Wygant, Rev. A. Sennwald, Rev. H. L. Knappenberger and Dr. H. C. Warren.

In regard to a proposed cooperative committee to preview the film, "One Foot in Heaven," it was decided to leave the matter to the discretion of the individual ministers.

It was reported that gross receipts at the union Thanksgiving service totaled \$52.15, which was contributed to the Warren Relief Association after the deduction of necessary expenses.

The following committee was named to cooperate with the Salvation Army in the dedication of Christmas baskets for the needy: Rev. J. A. Davidson, Dr. T. E. Coley and Rev. S. R. Schieb.

Devotions at yesterday's meeting were in charge of Telford Eppley, Y. M. C. A. boys' work director. A. F. Kottkamp presented a paper on "The Minister and His Relationship to the Finances of the Church."

It was announced that the paper at the next meeting will be given by Rev. Knappenberger, with the Rev. Ivan Russell, of Sheffield, in charge of devotions.

The association president, the Rev. John Bergstrom, was in charge of yesterday's meeting, with Rev. Russell acting as secretary in the absence of Rev. Schieb.

Bowling Chatter

Kinnear Keglers have been settling. It won't be too long before the race for the top spot is plenty hot.

The Butter Krusts, down in seventh place, started a spurt three weeks ago which looked as if it might be the beginning of the end for some team ranked above the breadmen in the standings. But last night the Butter Krusts had to be content with a split against Millie's Inn, topping them at least momentarily in their tracks. They remained in seventh place, incidentally.

Lacking reserves, Coach Monty McClure had to use himself as a regular last night at the Conewango Club and his team went down in bitter defeat. The strong Epplesons five or ten. Monty's crew had been staging several upsets until last evening, but it was just another case such as the Army-Navy game—the McClures might have beaten one good team, but they couldn't topple two of 'em.

Mike Blech knocked off 623 with 235-202-181 in the Industrial last night. And Pete Juliano split the pins with a 605 total at the Elks, which was the top mark at that club for the evening.

At the Moose Club, Stuart Kuhre led the field with a 559 total and a high single game of 220. Incidentally, improvement is being shown by several of the newer bowlers at the Moose, and by the time this bowling season has had a chance to summer down a bit, the league teams over there under Hickory street will be hitting the pins with as much regularity as any other place in town; at least that's our forecast.

Some Sidelights on Activities Of Pennsylvanians in Washington

Washington, Dec. 2.—(P)—A year if the state legislature does not quickly redistrict Pennsylvania, one present congressman says.

"Anybody with the \$35 filing fee and a gambling instinct might file for a congressional nomination. If he was lucky in the draw and got a place well up front on the ballot, he would stand a good chance of going to congress for two years, or collecting his pay anyhow, with responsibility to no one."

The state is going to lose one of its 34 seats. Unless the number of districts is cut down accordingly the voters will nominate on a statewide basis.

Several congressmen who hold influential committee positions by reason of seniority have made up their minds already to have no part of such an election.

Senator James J. Davis filed with the senate, for reference to the naval committee, an official request from the city of Reading for the designation of a cruiser of that name.

Representative James E. Van Zandt, Altoona Republican, expects to get action on a bill to detach Blair county from the western federal judicial district, and make it a part of the middle district.

Clergyman Detained In Rome Is Related To Warren Families

A great many relatives in Warren and vicinity are anxiously awaiting further word from the Rev. Hiram Gruber Wolf, son of Mr. and Mrs. Joseph Wolf, of Elmira, N. Y., and rector of St. Paul's Protestant Episcopal church in Rome.

The clergyman has been arrested and detained by Italian authorities and an Associated Press dispatch to the Times-Mirror reported that the state department at Washington had lodged a protest against the action. No further word has been received here.

Mr. Wolf is related to many Warren county families and has visited here every summer prior to his going to Germany. Miss Anna Gruber, of Elmira, is a sister of Mrs. Wolf, who is the former Belle Gruber. Among many close relatives here are Mrs. Stella Somers, E. M. Schwing, Mrs. Anna Arnold and members of the Bartsch and Highhouse families.

YULETIDE HOLLY FOUND IN SOME PARTS OF STATE

Harrisburg, Dec. 2.—During the Yuletide season when wreaths and sprigs of Christmas holly bring the spirit of the forest close to the fireside, more than ordinary interest is manifested in this unique American evergreen, according to Chas. E. Baer, deputy secretary of the Department of Forests and Waters.

Although most of the holly found in our Christmas markets comes from the woodlands of the South, the most northern and inland outposts of this tree are found growing naturally in Pennsylvania. Along the Atlantic seaboard holly is native, though an infrequent member of the forests, as far north as the Massachusetts coast. Until recently the natural range of holly in Pennsylvania was believed to be limited to the southeastern border counties from Philadelphia to Fulton county and the three additional counties of Dauphin, Berks and Montgomery. Specimens have been found growing as far north as Clinton county and it has also been reported from Perry, Fayette, Somerset, and Lackawanna counties. On the mainland of Lancaster county it can be found along the river from Hollywood to Maryland.

Holly in Pennsylvania rarely reaches more than 15 to 25 feet in height and is usually a shrub. It is essentially a tree of the south where it commonly attains a height of from 40 to 50 feet. The wood is hard, very white, close grained, and of medium weight. It is used for piano keys, wood engraving, whips, stocks and special tool handles.

TWO NEW CLUBS FORMED AT "Y" BEING ENJOYED

Two new clubs, a Hobby Club and a Marble Club, have been organized at the Y. M. C. A. It was announced today by T. F. Eppley, boys' work director.

The Hobby Club, under the leadership of Gordon Elmquist, meets each Wednesday at 7 p. m. The program will be to present a different hobby each week, with the idea that by the end of the year all boys will have found new hobbies in which they are interested. The program for this week will be model boats, presented by Warren Stone.

New boys are invited to attend the meeting Wednesday. Present members are John Elliott, Fred Printz, Alfred Heubach, Bill Hunter and Murray Jennings.

The Marble Club meets each Thursday after noon at 4:15 under the leadership of Martin Kelsey. A new indoor regulation marble ring has been built so that marble shooting can be done all winter. It is hoped that in this way boys will be able to keep their aim and be better qualified for the marble tournament sponsored each spring by the "Y."

Members of this club include Gerry Littlefield (last year's city champion), James Albough, Fred Fisher, Teddy Shattuck, Gordon Swartzfager, Ben Newmaker, Gail Swanson and Charles Miller.

Council Regulates Transportation Of Nitro-Glycerine Through Boro; Outside Fire Service Is Limited

Ordinances regulating the transportation of nitro-glycerine through Warren and governing the use of fire equipment outside the borough passed third and final readings at the December meeting of Warren borough council held last evening in the Municipal building. Another ordinance proposed to regulate the use of bicycles passed two readings.

Although the ordinance regarding nitro-glycerine is designed principally to regulate transportation of high explosives through the borough, it also controls its manufacture, use and storage and is based on a similar ordinance adopted at Bradford some time ago.

It was pointed out that it is necessary to use high explosives in this section because of oil interests in the immediate vicinity. The ordinance adopted provides that no explosives be manufactured in the borough and those engaged in transporting the same must secure permission from the borough. Another ordinance proposed to regulate the use of bicycles passed two readings.

A petition was read by President Waite regarding the smoke nuisance in the vicinity of Pennsylvania avenue and Liberty street. No action was taken in the matter, although that council give the matter careful consideration. He pointed out that a study of the same problem is being made at Pittsburgh and the result of this survey may afford a suitable solution to the local situation.

The police committee reported 84 calls during the month with fines imposed totaling \$116. Of these, \$32.00 had been collected except \$32.00. Stolen goods amounting to \$328 was recovered during the month. The committee was authorized to pay off the remaining amount of \$193.96 for the second installation of parking meters.

Seventeen fire calls were answered in the past month involving property with an estimated value of \$58,125. Property loss from these fires was confined to \$633.35.

Several claims due the borough since 1935 for snow removal and one for fire service were ordered marked off and transfer of funds as requested by the finance committee received satisfactory action. It was decided to meet in adjourned session December 22, if there is sufficient business at that time to warrant a meeting.

Those present last night included Councilman F. W. Waite, president; Jesse Smith, R. M. Krebs, C. A. Miller, J. H. DeFrees, E. W. Patchen, R. H. Trusler, W. R. Walsh, D. L. Baldensperger, G. E. Stone, D. W. Lewis, H. S. Hampson, A. J. Scalise, P. C. Braun, J. W. Steber, burgess; S. D. Blackman, solicitor; E. T. Beck, street commissioner; D. G. Kropf, fire chief; C. W. Barwis,

LAND AVAILABLE TO BE USED AS HEALTH CAMPS

Harrisburg, Dec. 2.—The Department of Forests and Waters is authorized to lease small portions of state forest land to any citizen or organization for the erection of buildings for health and recreation.

Applicants for state forest permanent camp site leases have the privilege of selecting building plots from those available in the department, according to Milford Bratton, acting director, bureau of parks. If these plans do not meet the desire of the applicant, the department will accept for review and approval any other plans and specifications that the applicant desires to submit. Such plans should be prepared by a competent person and show at least three views of proposed building together with specifications and amount of material. Buildings must be completed within one year after the lease has been granted.

Only one building for dwelling purposes may be erected on a leased site and the maximum cost of the building is not to exceed \$3,000. No building may be erected less than 250 feet from an improved highway or major forest road, and not less than 125 feet from a minor road or trail.

Permission may be given to develop springs and streams for water supply, but the exclusive use of such water supply cannot be granted. No building may be erected closer than fifty feet to any spring or stream.

Applications for permanent camp site leases should be made to the department. A temporary camping permit entitles the holder to erect a tent and to make other necessary camp improvements which must be removed when the permit has expired. This type of permit is valid for three weeks and may be renewed.
